

WORTH REPEATING!

"The difference between the poor and rich nations is not the age of the nations.

"This can be demonstrated by countries like India and Egypt, which are more than 2000 years old and are still poor countries.

"On the other hand, Canada, Australia and New Zealand, which 150 years back were insignificant, today are developed and rich countries.

"The difference between the poor and rich nation does not also depend on the available natural resources.

"Japan has limited territory, 80% mountainous, unsuitable for agriculture or farming, but is the third in world's economy. The country is like an immense floating factory, importing raw material from the whole world and exporting manufactured products.

"The second example is Switzerland; it does not grow cocoa but produces the best chocolates in the world. In her small territory she rears animals and cultivates the land only for four months in a year, nevertheless, it manufactures the best milk products. A small country which is an image of security which has made it the strongest world bank.

"Executives from rich countries who interact with their counterparts from poor countries show no significant intellectual differences.

"The racial or colour factors also do not evince importance: migrants heavy in laziness in their country of origin are forcefully productive in rich European and North American countries.

"What then is the difference?

"The difference is in the attitude of the people, moulded for many years by education and culture.

"When we analyse the conduct of the people from the rich and developed countries, it is observed that a majority abide by the following principles of life:

1. Ethics, as basic principles.
2. Integrity.
3. Responsibility.
4. The respect for Laws and Regulations.
5. The respect from majority of citizens by right.
6. The love for work.
7. The effort to save and invest.
8. The will to be productive.
9. Punctuality.

"In the poor countries a small minority follow these basic principles in their daily life.

"We are not poor because we lack natural resources or because nature was cruel towards us.

"We are poor because we lack a positive and ethical attitude. We lack the will to follow and teach these principles that transformed those initially "undeveloped" countries to become today's rich and developed societies.

"WE ARE IN THIS STATE BECAUSE
WE WANT TO TAKE ADVANTAGE OVER
EVERYTHING AND EVERYONE.

"WE ARE IN THIS STATE BECAUSE
WE SEE SOMETHING DONE WRONG
AND SAY - "LET IT BE"
WE SHOULD HAVE A SPIRITED MEMORY
AND ATTITUDE...

"ULTIMATELY, WE ARE POOR, UNDEVELOPED AND POORLY GOVERNED
BECAUSE OUR LEADERS STEAL FROM THEIR OWN COUNTRIES AND CITIZENS!!

"We are economically "poor" and undeveloped because our leaders - primarily elected leaders
who in turn appoint senior government officials and heads of state institutions - lack integrity!!

"WE CAN ONLY CHANGE OUR STATE BY CHANGING OUR ATTITUDE AND OUR
LEADERS. ONLY THEN WILL WE BE ABLE TO CHANGE OUR PRESENT STATE.

"If you do not forward this message nothing is going to happen to you. Your prized animal is not
going to die, you won't be sacked from your job, you won't be having bad luck for seven years,
nor are you going to get sick.

"But, if you love (y) our COUNTRY, try and circulate this message so that as many people can
reflect on this. It's worth sharing." 

Mobilise voters in large numbers so that we can defeat the cartels - thieves, looters and drug
dealers - and elect a visionary leader of integrity. Our Votes are Our Power!
